

# 2<sup>nd</sup> IWA Polish Young Water Professionals Conference

## Call for Papers

**Emerging Technologies  
in Water and Wastewater Sector**

12 - 14 February 2020 Warsaw, Poland

Organised by:

**Faculty of Building  
Services, Hydro and  
Environmental Engineering**  
WARSAW UNIVERSITY OF TECHNOLOGY

**POLAND**  
YOUNG WATER PROFESSIONALS  
PROGRAMME

**Warsaw University  
of Technology**

Honorary Patronage of WUT  
and Rector of GUT

Co-organised by:

**Gdansk University  
of Technology**

**Lublin University  
of Technology**

**Bialystok University  
of Technology**

**Poznan University  
of Technology**

**Cracow University  
of Technology**

**Silesian University  
of Technology**

**Czestochowa University  
of Technology**

**Wroclaw University  
of Technology**

**Centrum  
Zarządzania Innowacjami  
i Transferem Technologii**  
POLITECHNIKA WARSZAWSKA

Dear young water and senior professionals,

On behalf of the Programme Committee of 2<sup>nd</sup> IWA Polish YWP 2020 and as the Head of the Department of Water Supply and Wastewater Management at the Faculty of Building Services, Hydro and Environmental Engineering at the Warsaw University of Technology, I would like to welcome you in Warsaw - the capital city of Poland, located at Vistula River.

Every year, the Warsaw University of Technology, the oldest technical university in Poland and one of the largest and highest-ranking in the Central Europe, organizes national and international conferences and meetings.

The Faculty of Building Services, Hydro and Environmental Engineering conducts its educational and scientific mission along with applied research in a wide range of disciplines related to environmental engineering and protection. For over 100 years, the Faculty has been successfully educating highly qualified engineers who can cope with challenges in the water sector.

After the success of the 1<sup>st</sup> IWA Polish YWP Conference 2017 in Cracow, I would like to invite you to the 2<sup>nd</sup> IWA Polish YWP Conference 2020. The leading motto of the conference: "Emerging Technologies in Water and Wastewater Sector" emphasizes the practical aspects of the scientific research and technological developments. The conference will provide an excellent opportunity to present the latest concepts and technologies in water and wastewater sectors. Moreover, IWA Polish YWP Conference will develop your water career and will boost the future of the Polish water sector. During free wintertime, we encourage the participants to discover Warsaw!

**Prof. Marian Kwietniewski**  
Head of the Department of Water Supply and Wastewater Management,  
Faculty of Building Services, Hydro and Environmental Engineering,  
Warsaw University of Technology  
Chairman - Programme Committee

Dear Colleagues,

On behalf of IWA POLAND, it is my pleasure to invite you to join us the 2<sup>nd</sup> IWA Polish Young Water Professionals Conference 2020 to be held in Warsaw, the capital city of Poland.

Particularly, I would like to encourage young water professionals to participate in this event. The YWP conferences provide a unique opportunity to share your knowledge, meet with other YWPs and learn from senior water professionals. The conference will consist of workshops, technical sessions and a poster session, everything in the climate similar to the specialized conferences organized by IWA. So this may be the perfect first step in your professional career!

The main motto of the conference is "Emerging Technologies in Water and Wastewater Sector" in response to the growing demand for more efficient and sustainable solutions for water supply and wastewater disposal. Ultimately, we should achieve the closed water loop with recovery of other resources to be in line with the circular economy concept.

While thinking about this challenge, keep in mind that the innovation in the water sector was born in the city over 130 years ago! Then Warsaw became a member of an elite group of six European cities equipped with modern water supply and sewer systems. I am convinced that the coming conference should refer to this tradition and be held in the spirit of innovation and inspiration for new ideas.

I look forward to seeing you in Warsaw!

**Prof. Jacek Małkinia, IWA Fellow**  
Gdansk University of Technology  
Chairman - IWA POLAND  
Co-Chairman - Programme Committee

Dear colleagues – young water professionals,

For a few years, we have aimed at building a strong relationship between the IWA members in Poland. The 1<sup>st</sup> event organized by the IWA Poland for young water professionals was the 8<sup>th</sup> Eastern European IWA YWP Conference in Gdansk in 2016. Encouraged by positive experiences, we met again in 2017 at the 1<sup>st</sup> IWA Polish YWP Conference in Cracow. In 2020 we will give you an opportunity to meet other young water professionals in Warsaw.

Warsaw is a European capital, in which tradition interlaces with modernity. It can be seen in the city's architecture, customs and even cuisine. Warsaw has a rich history, beautiful parks, interactive museums, and first of all, wonderful citizens. The city is also known for its great universities and extensive scientific cooperation. We are convinced that at the 2<sup>nd</sup> Polish IWA Young Water Professionals Conference, you will have a chance to experience it all yourself!

The Organizing Committee will help you find all of the necessary information that you may need. We offer a reduced registration fee for young water professionals and PhD students under 35; an additional reduction is possible for the IWA members.

Many of you who have participated in some previous IWA conferences already know that the conference topics present a high level of scientific interest. Coffee breaks and lunch breaks will be long enough to give you an opportunity to exchange ideas and build a professional network.

Use this chance to join our network of young water professionals. Please, book the middle of February 2020 in your calendar. Looking forward to seeing you all in Warsaw!

**D.Sc. (Eng) Monika Żubrowska-Sudoł**  
Associate Professor  
Faculty of Building Services, Hydro and Environmental Engineering,  
Warsaw University of Technology  
Chairman - Organising Committee

Dear young and senior water professionals,

It is great honor to be involved in the organization of the 2<sup>nd</sup> IWA Polish YWP Conference 2020, which is going to be held in Warsaw, Poland. The Conference's location is not a coincidence, Warsaw a place with an extensive history, also known as "Phoenix City" because of complete reconstruction after World War II, which had left almost all buildings in ruins. Nowadays, the city is the 8<sup>th</sup> most-populous in the European Union as well as significant Centre of Research, Development, Innovation and Business. The Old Town of Warsaw was listed as a World Heritage Site by UNESCO. Other main architectural attractions include the Castle Square with the Royal Castle and the iconic King Sigismund's Column, the Wilanów Palace, the Łazienki Palace, St. John's Cathedral, Main Market Square. Moreover, Warsaw became one of the most dynamic and livable metropolitan cities in the Central and Eastern Europe as well as appreciated tourist and business destination.

I'm sure that the meetings during this YWP Conference will be intensive and the debates vivid, that participants will have an opportunity to develop and maintain future cooperation between industry-business and academic research. This time the Programme Committee will be represented by such great scientists, as Prof. Kwietniewski and Prof. Małkonia, so I have no doubt that we will have a very high level of Conference. Those interested in a cutting edge fundamental applied research and new approaches to planning, design and operations of water and wastewater facilities should consider attending.

I hope this event, similar to 1<sup>st</sup> IWA Polish YWP Conference 2017, which was held in Cracow, will bring a great success to all participants and will help to develop bridge between IWA and Polish YWP Chapter. We look forward for great participation of the Polish YWPs, but we are open to receive delegates from around Europe and worldwide.

**Dr (Eng) Jakub Drewnowski**  
IWA YWP Polish Chapter Chair  
Gdansk University of Technology, Poland  
Co-Chairman - Organising Committee

## Main topics of the conference

### TOPIC 1: Municipal water sector

- ◆ Water quality, resources and its restoration
- ◆ Design, operation, modelling, optimization and management of water supply systems
- ◆ Innovative solutions and technologies in water management
- ◆ Monitoring and control in water supply
- ◆ Energy balance and renewable energy sources in water supply
- ◆ Circular economy in water sector
- ◆ Economics of water sector

### TOPIC 2: Municipal wastewater sector

- ◆ Design, operation, modelling, optimization and management of wastewater treatment plants
- ◆ Innovative solutions and technologies in wastewater management
- ◆ Nutrient removal and recovery
- ◆ Anaerobic treatment process
- ◆ Sludge drying and incineration
- ◆ Sewage sludge and waste management
- ◆ Environmental Biotechnology
- ◆ Modern control and monitoring systems in wastewater management
- ◆ Stormwater management
- ◆ Design and operation of sewer systems
- ◆ Energy balance and recovery in wastewater treatment plants
- ◆ Circular economy in wastewater sector
- ◆ Economics of wastewater sector

### TOPIC 3: Industrial water and wastewater sector

- ◆ Water quality requirements for special purpose
- ◆ Industrial wastewater quality and management
- ◆ Design, operation, modelling, optimization and management of water and industrial wastewater treatment plants
- ◆ New treatment technologies and engineering systems
- ◆ Nutrient and energy recovery, energy balance
- ◆ Circular economy in industry

## Important Information

### Active Participants

Young Water Professionals (< 35 years old)

### Conference time

12-14 February 2020 (3 days)

### Location

Centre for Innovation and Technology Transfer Management of Warsaw University of Technology  
ul. Rektorska 4, 00-614 Warsaw

### Registration fee

Students, PhD and YWP (up to 35 years old)

◆ IWA members - 450 PLN, Non IWA members - 600 PLN Academic (+35 years old) and Industrial Participants

◆ IWA members - 450 PLN, Non IWA members - 700 PLN

Registration fee includes: conference proceedings, coffee breaks and lunches. The additional costs such as accommodation, transportation, visa and insurance are not included in the registration fee.

## Key Dates

1<sup>st</sup> June 2019 - Abstracts submission opening.  
15<sup>th</sup> September 2019 - Deadline for abstracts submission.  
7<sup>th</sup> October 2019 - Notification of acceptance, registration opens.  
8<sup>th</sup> December 2019 - Submission of full papers.  
26<sup>st</sup> January 2020 - Registration closes.

## Procedure for Submission

Two forms of the active participation will be possible:

- ◆ platform presentation,
- ◆ poster presentation.

Participants are encouraged to submit abstracts of papers in English (but Polish is also acceptable). The abstracts should be limited to two A4 pages, font Arial size 12 pt (including figures and tables). Abstracts must provide a description of the most important achievements to allow for a sound referee review. Abstract should also contain:

- ◆ Author's name, date of birth and affiliation,
- ◆ title of presentation,
- ◆ type of presentation: poster or platform,
- ◆ e-mail, postal address and telephone number of corresponding author.

The abstracts should be submitted online:

<http://iwa-ywp.pl> (in the section SUBMISSION)

Submissions are welcome from 1<sup>st</sup> June 2019 and must be received before 15<sup>th</sup> September 2019.

The submitted abstracts will be peer reviewed. A notification of acceptance will be sent before 7<sup>th</sup> October 2019.

A full manuscript (max. 8 pages) must be submitted to the Organising Committee until 8<sup>th</sup> December 2019 via e-mail: [2ywp.conference@gmail.com](mailto:2ywp.conference@gmail.com).

The guidelines on a full manuscript format and more information about the conference can be found on the website:

IWA Poland: <http://iwa-ywp.pl> (Conference) and [www.iwa-network.org](http://www.iwa-network.org) (please see in Events 2020).

At least one author of each selected paper must register and attend the conference to present the paper (poster or platform presentation). The authors cover their own costs (registration fee, travel, accommodation, etc.) to attend the conference.

The best papers will be recommended by Scientific Committee to be also reviewed by IWA and published in the journals: Water Science and Technology, Water Supply and Water Practice and Technology.

### Invitation

Personal invitation will be provided on request by the chairman of the Organising Committee - D.Sc.

Monika Żubrowska-Sudoł via email:

[2ywp.conference@gmail.com](mailto:2ywp.conference@gmail.com)

## Organising Committee

Chairman: D.Sc. M. Żubrowska-Sudoł  
(Warsaw University of Technology)  
Co-Chairman: Dr J. Drewnowski  
(Gdańsk University of Technology)

### Committee members:

Dr B. Karolinczak (Warsaw University of Technology)  
A. Dzido (Warsaw University of Technology)  
A. Garlicka (Warsaw University of Technology)  
K. Niewitecka (Warsaw University of Technology)  
M. Stępień (Warsaw University of Technology)  
K. Sytek-Szmeichel (Warsaw University of Technology)  
J. Walczak (Warsaw University of Technology)  
O. Zając (Warsaw University of Technology)  
Dr D. Zasina (Warsaw University of Technology)  
M. Umiejewska (Warsaw University)  
Dr K. Matej-Łukowicz (Gdańsk University of Technology)  
M. Maktabifard (Gdańsk University of Technology)  
M. Dożyńska (Białystok University of Technology)  
E. Szatyłowicz (Białystok University of Technology)  
J. Górka (Cracow University of Technology)  
D. Łomińska-Platek (Cracow University of Technology)  
Dr A. Grosser (Czestochowa University of Technology)  
J. Kozak (Czestochowa University of Technology)  
Dr A. Szaja (Lublin University of Technology)  
P. Suchorab (Lublin University of Technology)  
J. Byłka (Poznan University of Technology)  
K. Jaszczyszyn (Poznan University of Technology)  
A. Banach (Silesian University of Technology)  
M. Tomaszewski (Silesian University of Technology)  
D. Kołbuc (Wrocław University of Technology)  
M. Łagodzka (Wrocław University of Technology)

## SPONSORS

Coming soon

## Programme Committee

Chairman: Prof. M. Kwietniewski (Warsaw University of Technology)  
Co-Chairman: Prof. J. Mąkinia (Gdańsk University of Technology)

### Committee members:

Prof. Z. Heidrich (Warsaw University of Technology)  
Dr B. Karolinczak (Warsaw University of Technology)  
Dr K. Miszta-Kruk (Warsaw University of Technology)  
D.Sc. J. Podedworna (Warsaw University of Technology)  
Dr M. Sudoł (Warsaw University of Technology)  
Dr K. Umiejewska (Warsaw University of Technology)  
D.Sc. M. Żubrowska-Sudoł (Warsaw University of Technology)  
D.Sc. K. Czerwionka (Gdańsk University of Technology)  
D.Sc. M. Gajewska (Gdańsk University of Technology)  
D.Sc. A. Łuczkiwicz (Gdańsk University of Technology)  
D.Sc. W. Dąbrowski (Białystok University of Technology)  
D.Sc. K. Ignatowicz (Białystok University of Technology)  
D.Sc. I. Skoczko (Białystok University of Technology)  
Prof. A.M. Anielak (Cracow University of Technology)  
D.Sc. M. Cimochoicz-Rybicka (Cracow University of Technology)  
D.Sc. J. Królikowska (Cracow University of Technology)  
D.Sc. S. Rybicki (Cracow University of Technology)  
D.Sc. Z. Wzorek (Cracow University of Technology)  
D.Sc. E. Neczaj (Czestochowa University of Technology)  
Prof. M. Włodarczyk-Makuła (Czestochowa University of Technology)  
D.Sc. B. Kowalska (Lublin University of Technology)  
D.Sc. D. Kowalski (Lublin University of Technology)  
D.Sc. G. Łagód (Lublin University of Technology)  
D.Sc. A. Montusiewicz (Lublin University of Technology)  
D.Sc. Z. Dymaczewski (Poznan University of Technology)  
D.Sc. A. Pruss (Poznan University of Technology)  
Prof. M. Sozański (Poznan University of Technology)  
Prof. K. Barbusiński (Silesian University of Technology)  
Prof. J. Surmacz-Górska (Silesian University of Technology)  
Prof. M. Kabsch-Korbutowicz (Wrocław University of Technology)  
D.Sc. K. Piekarska (Wrocław University of Technology)  
Prof. T. Traczewska (Wrocław University of Technology)  
D.Sc. S. Ciesielski (University of Warmia and Mazury)  
D.Sc. M. Dębowski (University of Warmia and Mazury)  
D.Sc. M. Zielińska (University of Warmia and Mazury)  
D.Sc. M. Zieliński (University of Warmia and Mazury)  
D.Sc. Ł. Drewniak (Warsaw University)  
Dr M. Michel (Warsaw University of Life Science)  
D.Sc. T. Siwiec (Warsaw University of Life Science)  
D.Sc. K. Chmielewski (Cracow University of Agriculture)  
Prof. J. Pawelek (Cracow University of Agriculture)  
D. Sc. A. Głowacka (West Pomeranian University of Technology Szczecin)
